WAREHOUSING

With our strategically located warehouses, TRT International implements advanced technology and robust inventory management systems to streamline operations and provide real-time visibility into stock levels. This enables clients to have complete control over their inventory and access it whenever necessary, improving overall productivity and reducing costly delays.

Our headquarters located in Port Newark offers 120,000 sf of warehouse space and in addition, we have added a 30,000 sf facility within the port zone. Both conveniently located within minutes of all the major terminals.

TRT can accommodate long and short term storage, cross docks, OOG transloading, container parking, etc. All TRT International's warehouses are protected with 24-hour security supervision. We can assure you that your cargo is safe with us.

OOG CARGO

TRT specializes in over dimensional and overweight project cargo. With our state-of-the-art container handlers that provide 120,000 lbs lifting capacity, we can handle the toughest shipments. We are equipped with over 80 forklifts ranging in capacity from 20,000-80,000 lbs and special equipment such as RGN's, lowboys, perimeter deck trailers, and double drops which enable us to handle the shipment from start to finish.

EXPORT CRATING

TRT International has the equipment and experience to provide essentially any type of crating you may require.

We provide machinery crating up to 90,000 lbs, preparing your cargo for local, national, or international transport by land, sea or air.

LOCAL DRAYAGE

TRT International provides reliable drayage services across the tri-state area—New York, New Jersey, Connecticut—as well as eastern Pennsylvania and the Port of Savannah, GA.

We operate a modern fleet of Freightliner day-cab trucks and own over 300 company chassis, including tri-axles. With a fleet of 85+ trucks and a wide range of specialized trailers—flatbeds, step decks, RGNs, and perimeter trailers—we're equipped to move oversized, heavy, and irregularly shaped freight that standard trailers can't handle.

CONSOLIDATION

Freight consolidation offers a range of benefits that are crucial to your business. TRT International has over 30 years of experience in both air and ocean export consolidation. We provide a fast and efficient service that allows for a more sustainable supply chain.

CONSOLIDATION

HEAT SHRINK WRAPPING

Heat shrink wrap is extremely effective and ideal for great protection on any shipment against environmental hazards.

TRT specializes in export packaging using the best industrial shrink wrap offering high protection levels to your shipments.

TRANSLOADING

Whether it's Solar Panels, Fiberglass Rods, Industrial Transformers, Lumber, Aluminum Coils, Laser Cutting Machines, Construction Equipment, etc,

TRT has the experience and equipment to safely and efficiently handle your cargo.

Our equipment vary from Overhead Cranes, Container Handlers, and heavy duty forklifts ranging from 10,000 lbs to 120,000 lbs lifting capacity.

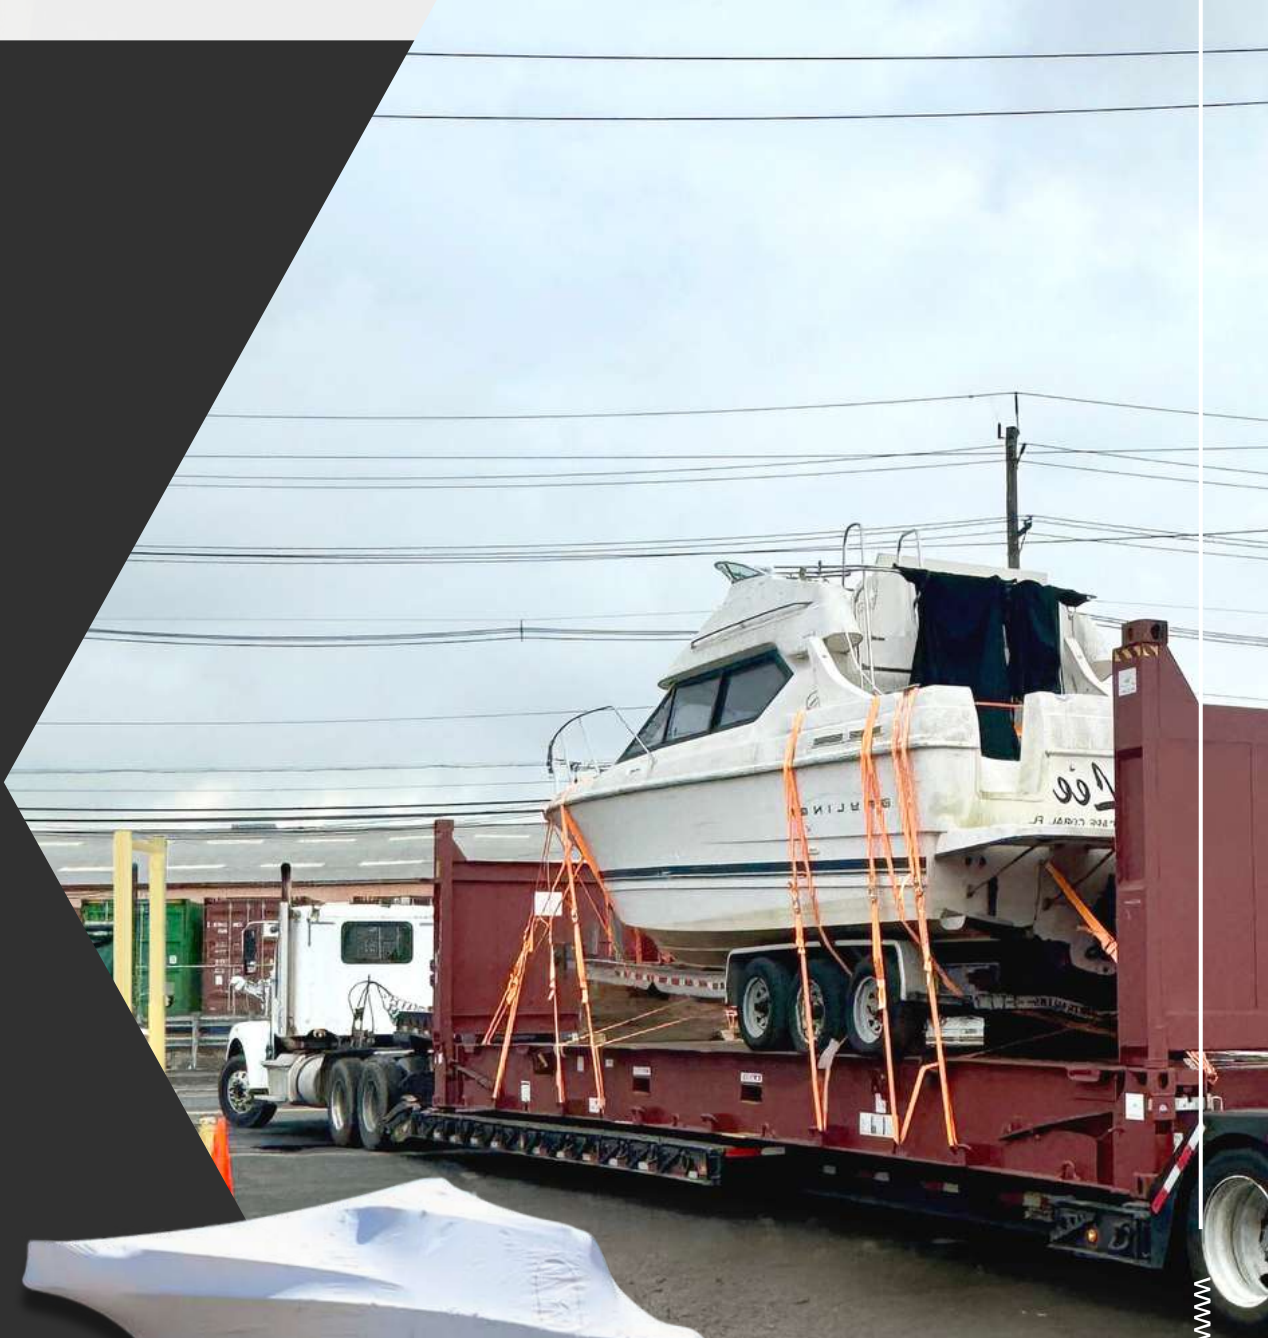

BOAT EXPORTING

We offer professional container and flat rack loading for boats and yachts.

Our team of lashing experts ensure safe and secure delivery of your recreational equipment with skillful container fastening, flat rack lashing, and adding reinforcement structures to handle the weight and movement of the cargo.

BOAT EXPORTING

ADVANTAGES WITH TRT

THE PINNACLE OF LOGISTICS EXCELLENCE

At TRT International, we redefine what it means to be a leader in the logistics industry. As a premier bonded carrier, we offer unparalleled local bonded drayage services and seamless over-the-road delivery to Canada and Mexico, ensuring your cargo arrives safely and on time—every time.

We are acutely conscious of our carbon footprint, which is why we proudly serve as a SmartWay Transport Partner. All our trucks and equipment comply with SmartWay guidelines, and we continually invest in new technologies such as electric forklifts and trucks to further enhance our sustainability efforts.

As a distinguished bonded Container Freight Station (CFS), we provide top-tier cargo storage solutions, both indoor and outdoor, tailored to meet the highest standards of security and efficiency.

When it comes to military cargo shipments, TRT International is the unequivocal choice for excellence. With years of specialized experience, our elite team of experts expertly manages even the most sensitive and delicate shipments with unmatched precision and care. We understand the stakes involved and are committed to delivering exceptional service that exceeds expectations.

Choose TRT International—where your cargo is handled by the best of the best.
